Circa 1940 Suffolk County Kennel Club, Long Island

This 2x3" snapshot was from an album that had many other breed photos inside. I had serious doubts whether I would be able to "unblur" the dogs and handlers enough to see details.

The hunt is on for who the dogs might be. I did find out that the Suffolk County Kennel Club, is one of the oldest all-breed dog clubs on Long Island, founded in 1937.

# 1940 Snapshot reveals chow entry at Suffolk County Kennel Club show

This little snapshot I purchased was very low quality but I wanted to have it as a record for the archive. . The lighter dog with the big coat looks very familiar and I'm certain I will be able identify them all eventually. Top breeders and kennels including Mrs. Wagstaff of LEDGELAND Kennels and Flora Bonney of TALLY HO, LINNCHOW, PAGEMOOR, HO HAN, LU TANG, and the KWAY Chows of Brockway Crouch were among those at the height of their showing careers
