

# 1941 National Specialty – Best of Breed bitch – Ch. Ho Han Beautiful

Circa 1940 - Ho Han Beautiful

This rare photo of "Beautiful" shows her as a young dog before she went on to win the Chow Club of America specialty a year later in 1941.....Entry of 88

This is a lovely piece of chow history, as well as a nice find to add to the New England Chow Club archives

chowtales.com

The photo on the magazine cover which I discovered in one of my old Dog News magazines was a really special find, as I had been searching for YEARS for any image of "Beautiful" to add to the archives. Recently I was paging through yet another

edition of Dog News from 1940 and here was Ho Han Beautiful in all her glory as a youngster winning points at the New England Chow Club Specialty Show. What a precious photo this is!!! I'm still searching for newspaper or magazine reports of the actual National Specialty which I will add as I find them.

The United States entered World War II on December 7, 1941 and all the country's attention was focused on defense, so news reports of a dog show was certainly not a priority as had been in the past. There is no record of a Chow Club of America National Specialty in 1942.... (the following year after "Beautiful" won), most likely because of the war as well.
