This amazing soft cover book is in rough condition but as long as the Chow on the cover is intact...I really don't care. It is so rare and hard to locate. In years of searching this is the first one I have come across to purchase.

Chows were just coming onto the scene during this period in history, made famous by Admiral Dewey's mascot chow on the USS Olympia. Many news articles were written about his chow named "Bob", who was the very first chow with celebrity status in America around 1899. This chow illustration reminds me a lot of some of the period caricatures of Bob in the newspapers and magazines . Read more about Admiral Dewey and Bob at the RELATED POSTS link below!
