Int. Ch. Choonam Brilliantine of Manchoover is the world's outstanding Chow. He has won best of All Breeds in every show but one where he has been benched, a remarkable record.

Manchoover dogs have won Best in Show for two successive years at the Chow Chow Club of America's Specialty Show, 1924 at New York, 1925 at Turvedo Park.

The Improvement of the Chow Chow

has always been the aim and ideal at Manchoover. To further this aim no expense nor effort has been spared. In domestic breedings and in importation of especially desirable animals from abroad, the eventual improvement of the breed has been the underlying motive.

With this ideal as a guide, Manchoover has gained a high position in American Chow circles, through the winnings of its dogs and the breeding service it has rendered. Fanciers anxious to do their bit for the breed will welcome the services of the following famous dogs:

Chow History has a great friend in Layla Loveless and I am forever grateful for this unexpected gift to the archives of 5 very rare, original kennel advertisements that she won at the 2017 CCCI Auction.

This first ad from Dogdom Monthly publication , Circa 1925, features the shining stars of Mrs. Earl Hoover [MANCHOOVER KENNELS](#) (of the Hoover Vacuum cleaner family), listing all of her top stud dogs of the day. She certainly had the funds and ability to acquire, breed, and campaign the cream of the crop in our breed from both America and England
