TOQUE'S P SHOWS

entries of Chows at Bristol, it being somewhat out of the Chowie districts); however, with nine classes and sixty-eight entries, it was very gratifying. The Chows were all of the best temperaments, and handled perfectly; I do not think there was one shy one, which was a great pleasure to me.

Puppy Dogs and Bitches brought in Katinka; a lovely red shaded, perfect fronted little lady; excellent type; full of promise. Retseroof Romance, another attractive bitch; lovely little shower; best of feet and legs; dark eye. Pat Sun of Squerries; a good headed puppy dog; black, excellent body; he does not stand so well as one could wish, and failed in front to those bitches above him. Killolols, a litter sister to winner; built on very the much same lines; unlucky to meet three such puppies to-day.

Graduate Dogs had eleven dogs; I was afterwards told ten had won first prizes, and could quite believe it. I made Ling Ho of Brant 1st; a very nice coloured red who had all a good Chow needed to win, although was hard pressed by Li Chih of Amwell; a glorious red, with huge bone; straightest of legs; he just failed in width of chest to winner. Layo Wu (3rd) was most unlucky to run up against such a two; he is a lovely dog. I have never had a more difficult class to judge. Cho Blue of Squerries was Reserve; a blue of very good quality; dark eyes; good all-round; he will have a better day when he meets only his own colour.

Mid Limit Dogs brought in two more new ones. Nea Lopi, who was 3rd (1st and 2nd were repeats); he is a very nice type; most beautiful hocks, expression and ears Killoo Sun of Denstow, the nearest type I have seen to Ch. Choonam Brilliantina, the famous International Champion; he had to take this place (Reserve) owing to just having had an operation to his eyes, and was so at a disadvantage; he is bound to go up later.

Limit.—Repeats.

Open Dogs saw Ch. Rochow Diadem 1st; as nearly perfect to-day as one may hope to breed one; he has, too, outstanding points; I looked hard for a fault; he won the Challenge Certificate. Ch. Chang Fu of Amwell; looking a picture; shown and handled to perfection, but could not get over the winner for bone and compactness; he was Reserve for Challenge Certificate.

Graduate Bitches.—The same two puppy bitches kept their places, and Mollie Oh was 3rd; a sound black, compact type; good muzzle and head; showed well. Reserve, Princess Paula, a nice-headed red.

Mid Limit brought forward the well-known Josephine of Neepa; a glorious red; perfect front; enormous bone; good back and front; a real good bitch, and to-day took her second Challenge Certificate. 2nd, Rochow Helen of Troy; a light red; very greatly improved with maturity, solid and compactly built; ran winner very close, but failed on muzzle. I would say these are two of the best made bitches on the bench to-day. Pu-shan of Amwell, Reserve; a deep red; rather on small side; nice type; in lovely bloom. The rest were repeats.

I take this opportunity of thanking all the exhibitors for their support, and Mr. F. Chapman, my steward, for his kind help.

(Mrs.) BERNARD CUTHBERT.

I was ex-
ceedingly
pleased to
find on
entering a
very nice
large red;
a good
collection of
Chons before
me as
could be
found
any where
(and one
does not
expect to
see large
