Champion  
Chee Kee

**CHAMPION CHEE KEE IS ONE OF THE FEW REALLY GREAT DEEP RED CHOWS IN AMERICA.** Physically he is everything that is required in a Chow, and his disposition is admirable. As a stud he has not failed to sire a litter since he arrived at Grasmere.

His show record is interesting in that he has defeated nearly all the famous Chows of the day, among them being Champion Greenacre Red Knight, Champion Sum Sultan, The Good Wu Fang, Champion Lu Cheng, Champion Chee Si San, Champion Victorious of Tien H'sia (at Lake Forest Pet show), etc. We are not trying to belittle any of these dogs, and, in fact, are sending bitches to several of them, but we are proud of his record.

**TO ENABLE BREEDERS TO GET HIS BLOOD IN THEIR KENNELS, HIS STUD FEE HAS BEEN REDUCED THIS SEASON TO \$50.00, WITH RETURN SERVICE.**

We have some male and female puppies from the rights ort of bitches at \$150 for males and \$125 for females.

**WE GUARANTEE TO BREED YOUR BITCH TO THE DOG YOU SELECT.**

**DO YOU WANT COLOR? YOU CAN GET IT; ALSO TYPE, CONFORMATION, BONE AND STAMINA WITH A GOOD OUTCROSS**

**DR. CHARLES MILLER'S KENNELS OF IMPORTED CHOWS**

All breeding stock and all studs imported from England or China.

**FOUR WONDERFUL STUDS**  
**POGO OF ENGLAND—**(Not at public service)

Is he  
Your idea  
Of what  
A real  
CHOW  
Should be?

**At service, a magnificent youngster, pictured above.** Age 16 months, weight 58 pounds, all bone, muscle and courage—no fat, on the Chowiest of Chow legs. He is not afraid of anything on, above or under the earth—he looks fierce, but he is so sweet tempered that we just had to call him **BROTHER of England**. He sires dark red pups, mostly males, even in the very light bitches. Look to the stud for color. Fee \$35.00 at time of service.

**At service, KOWA P'TA of England.** Prize winner in England and America. A large red from the famous Kowa strain. Fee—\$25.00.

**At service, RINKENY KAULA of England.** A large, sound, black, hugh head, and true Chow legs. Just the stud to put color back in reds which have a long line of red breeding behind them. Fee—\$25.

**ENGLAND'S best Chow blood will bring back stamina and bone when crossed to the too closely bred American matron.** The delicate neurotic, fine-boned, stunted female must have new blood. **GIVE HER A CHANCE.**
